## Guidelines for Packers of Sugar

Labelling of pre-packed commodities, including sugar, should comply to the Legal Metrology (Pre-packed Commodities) Regulations 2006.

The height of the letters and numbers shall be not less than that specified in the table below:

**Table showing minimum height of letters and numbers**

<b>Maximum dimension of package (in millimeters)</b>	<b>Minimum height of letter or number, if printed (in millimeters)</b>	<b>Minimum height of letter or number if blown, embossed or moulded on a glass or plastic surface (in millimeters)</b>
Not exceeding 100	2	4
Exceeding 100 but not exceeding 300	3	6
Exceeding 300	5	10

The label for the declaration of weight for pre-packed sugar shall bear the words “net weight” or “Net” which may either precede or follow the declaration of weight.

Where the net weight in the pre-package is one kilogram or more, the unit used in the declaration shall be the kilogram (symbol: **kg**) and its decimal fraction to not more than 2 places and where the net quantity is less than one kilogram, the unit shall be followed by a full stop. There shall be a space between the number and the unit or its symbol.

The pack sizes allowed for pre-packed sugar are the following:

125g, 250g, 500g, 1kg, 2kg, 5kg and thereafter in integral multiples of 5kg.
