National Accounts of Mauritius - 2007

Foreword

National Accounts of Mauritius – 2007 is the twenty-fifth issue of an annual report on National Accounts published by the Central Statistics Office. This publication presents detailed data available as at March 2008 on the performance of the economy for the years 2004 to 2007. The report also includes estimates of Quarterly National Accounts for the period 2004 to 2007.

Estimates on national accounts in this report have been worked out using as base the results of the 2002 Census of Economic Activities.

Chapter 1 gives a description of the main concepts and definitions used.

The methodology and main data sources used, as well as the statistical tables and analysis for Annual National Accounts are given in Chapter 2. A table on Balance of Payments is included in this chapter.

Chapter 3 presents Annual National Accounts Aggregates for the years 1991 to 2003.

Quarterly National Accounts including the methodology and main data sources used are given in Chapter 4.

Foreign trade statistics are presented in Chapter 5 while Chapter 6 covers production data and selected indicators.

The Institutional Sector Accounts for the years 2002 and 2003 are presented in Chapter 7. A Supply and Use Table and an Input/Output Table for the year 2002, based on data from the 2002 Census of Economic Activities, have been compiled and are given in Chapter 8 and Chapter 9 respectively.

The preparation of this report has necessitated the mobilisation of considerable resources and the cooperation of numerous organisations, both public and private. Their assistance is gratefully acknowledged.
