

SCIENCE EXTENSION CLASSES June -October 2011

The Ministry of Education & Human Resources proposes to run the next session of Extension Classes in Practical Biology, Chemistry and Physics in State Secondary Schools from **June 2011 to October 2011**.

- The Extension Classes are open to G.C.E “A” Level students who have passed the Cambridge School Certificate or its equivalent in the appropriate science subject and **who are not attending a secondary school**.
- The Ministry will also consider applications from students who are still attending a Secondary School and who wish to sit for the GCE ‘A Level in an additional **Science Subject** which they are **not** currently studying at their schools.
- The State Secondary Schools for running the classes will be chosen in the light of the number of applicants and their residential address.
- Each practical session of two (2) hours will be run at least once weekly and will start at 3.30 p.m. A total of twenty (20) practicals in each subject will be offered.
- Applications should be submitted online at <http://citizen.gov.mu> and selecting “*Application for use of labs for Science Extension Classes*” among the list of available e-services.
- Eligible applicants will subsequently be invited to call at the **Ministry of Education & Human Resources, MITD House, Phoenix**, to produce their birth and academic certificates and pay the enrolment fee of five hundred rupees per subject (Rs 500).
- Applicants under the age of twenty will also be requested to produce their **School Leaving Certificate Or**, if still attending a Secondary School, **Certification from the Head of their school** that they are not studying the subject applied for at their present school.

NOTE:

- (i) Fees paid are neither **refundable** nor **transferable**.
- (ii) The Ministry reserves the right not to run classes for a particular subject in case of an insufficient number of qualified applicants.
