In case of doubt as to where you should take your vehicle, you may phone any centre for confirmation.

Which vehicles have to undergo a vehicle examination and how much does it cost?

(1) New and second hand imported vehicles

Prior to their registration, new and second hand imported vehicles are examined with a view to obtaining a Particulars of Motor Vehicle Form. The following documents will have to be produced:

- (a) Bill of Entry of the vehicle.
- (b) Certificate of registration/deregistration from the country of origin (second hand/reconditioned vehicles).
- (c) Original log book (if available)
- (d) Pre-shipment certificate from country of original
- (e) Either a removal permit or a TP.

A Particulars of Motor Vehicle form will be issued against payment of the prescribed fees.

(2) Vehicles already registered

Autocycles are not required to undergo an examination except for re-registration purposes or when directed to do so by authorised officers.

All other vehicles need to undergo an examination, except private cars and motor cycles which are exempted from such tests for the first seven years as from the date of original registration, either in Mauritius or abroad.

Documents to be produced during examination of motor vehicles:

- (a) Registration book.
- (b) Insurance certificate.
- (c) Licence attached to the vehicle, if any.
- (d) Removal permit or TP if vehicle is unlicensed.
