

Kudmé: The Environment Mascot

On the occasion of the World Environment Day, the Ministry of Environment & NDU had launched the Environment Mascot Competition on the 16th May 2007. The objective has been to promote environmental stewardship.

The environment mascot is named **Kudmé**. **Kudmé** means “let’s work together hand in hand for a better environment’. It also indicates cooperation and collaboration for the protection of the environment.

The environment mascot **kudmé** is represented by a hand with two eyes and a mouth. It can be used in our sensitization campaigns through stickers, posters, banners and video clips (animated cartoon).

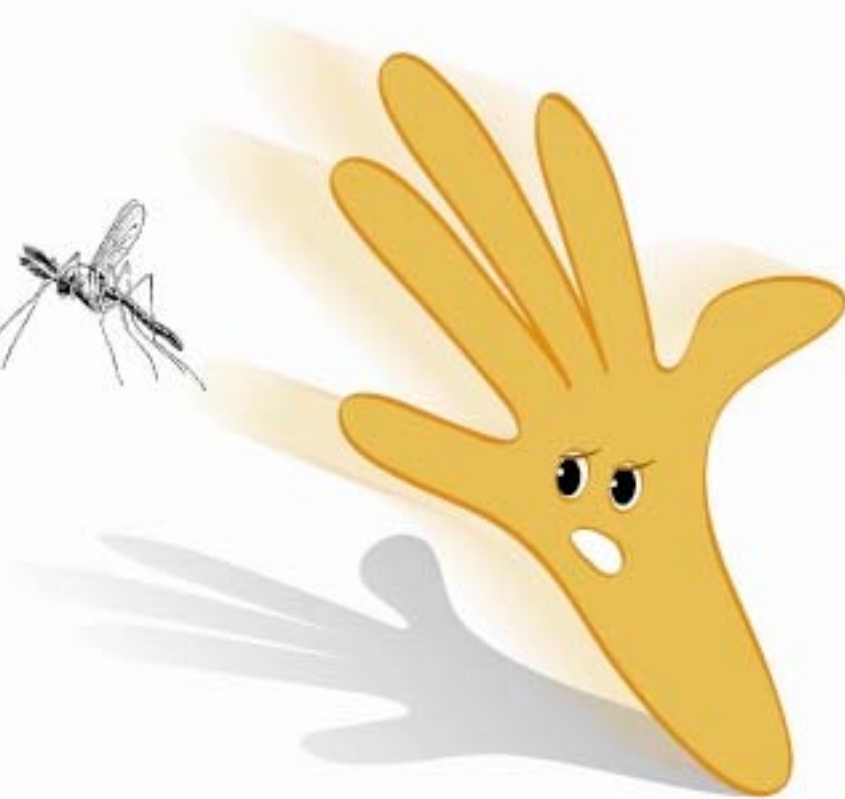

**Donne nou ene kudmé
pou gard nou pay prop**

**Protez nou ozone
Protez nou planet**

**Pou combat chikugunya!
Donne nou ene kudmé
pou gard nou pay prop**
