	Page
Executive Summary	i
1 Project Background	5
1.1 Brief Description	5
1.2 Project Justification	5
1.3 Legal, Institutional and Regulatory Framework	5
2 The Promoter and Professional Services	8
2.1 The Promoter	8
2.2 The Project Team	8
3 The Project	9
3.1 Brief Project Description	9
3.2 The Project Site	9
3.3 Detailed Plot Characteristics	10
3.4 Site Preparation	11
3.5 Project Infrastructure	11
3.6 Utilities Requirements	15
3.7 Telecommunications	17
3.8 Sustainable Environment	17
4 The Physical Environment	18
4.1 Introduction	18
4.2 Site Geology and Pedology	18
4.3 Regional Hydrology and Hydro-geology	19
4.4 General Climatic Environment	19
4.5 Local Air Quality	24
5 The Built Environment	26
5.1 Regional Settlements and Population	26
5.2 Tourism	27
5.3 Agricultural Activity	28
5.4 Industrial activities & Infrastructures	28
5.5 Social Infrastructure	28
5.6 Services & Public Utilities	29
5.7 Road Infrastructures	30
6 Environmental Management Plan	31
6.1 Introduction	31
6.2 Impacts at Infrastructure Construction Phase	31

6.3	Impacts at Operation Phase	36
6.4	Impacts on Socio-economic Environment	40
7	Environment Monitoring Plan	42
7.1	The Environment Monitoring Plan	42
7.2	EMP at Construction Phase	42
7.3	EMP at Operation Phase	42
8	Conclusion	1

Appendices

Appendix A

Notary Certificate

Appendix B

Slope Analysis

Appendix C

Topographical Plan

Appendix D

Soil Investigation Report

Appendix E

Pamplemousses Wind Roses

Appendix F

Traffic Impact Assessment

Appendix G

CTBV – Ambient Air Quality

Appendix H

Architect's Drawings

Appendix I

EIA Licence–Charmoses Phase 1
