* (Population densities and rates for 1984 and later years are based on the "resident " population

(Population densities and rates for 1983 and earlier years are based on the "de facto" population

\$ based on an area of 1864.8 square kilometres

+ rate per 1000 live births

& apparent discrepancies are due to rounding errors

@ rate per 1000 total births (live births and stillbirths)

x rate per 1000 mid-year population aged between one and five years
