

MAURITIUS REVENUE AUTHORITY

**Notice to Manufacturers**  
**Duty exemption on gas-oil under X09 Exemption**

Manufacturers wishing to benefit from duty exemption under X09 are hereby reminded that they have to register with the Customs Department of the Mauritius Revenue Authority in order to benefit from duty exemption on gas-oil used in the process of manufacture. The required forms and guidelines applicable for registration can be obtained from the following web site:

**<http://www.gov.mu/portal/sites/mra/index.htm>**

Link – Customs – Updated information for Customs

Kindly note that those companies using **blends** (a mixture of gas-oil and fuel-oil) are not required to install flow meter, notwithstanding the fact that they should complete the registration formality and fulfill all the other requirements as per the guidelines. However, for those companies using **gas-oil**, the requirement for the installation of flow meter is a pre-requisite in order to qualify for exemption under X09 Exemption.

Officers at the Exemption Monitoring Unit (Tel.No: -206-3453/2063494) can be contacted for any further clarification/information.
