

FOREWORD

This is the eleventh issue of the Digest of Statistics relating to statistical data on the Island of Rodrigues.

The coverage has been extended to include twenty-two additional tables as follows: ten tables on Population and Vital Statistics, one table on Public Finance, two tables on Employment, eight tables on Education and one table on Local Production. These tables have been annotated as 'New' in the 'Table of Contents'. Some of the tables appearing in this digest have been extracted from other reports.

It is hoped that the statistics published in this report will be helpful to the public in general and to planners and policy makers in particular.

This digest has been prepared with the collaboration of the staff of the Statistics Division of the Rodrigues Regional Assembly and has necessitated the cooperation of numerous organisations, both public and private. Their assistance is gratefully acknowledged.
